

Meet the Czech Delegation at DOK Leipzig 2022

Dear friends,
I am very happy to be back again in Leipzig. This year it is more important for me not only because we are coming back after two years of lockdowns and limitations, but because we are not coming alone!

Thanks to our wonderful collaboration with DOK Leipzig, the festival will host a large number of Czech film professionals. The Institute of Documentary Film brings a delegation of Czech filmmakers and professionals who will join the rich industry programme. All of them are here because of documentary films. Either they are coming with their new films and projects, or they are looking for one. No matter where you stand, make sure to come see hi.

I would like to thank our partners, namely DOK Leipzig, to make this possible. The Czech delegation takes place with the financial support of the Deutsch-Tschechische Zukunftsfonds.

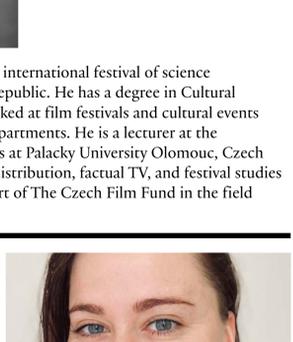

Last but not least, I would like to wish all participating professionals to enjoy a great time at the festival, have successful meetings and find the right partners for their projects.

I am looking forward to seeing you all in Leipzig!
